**WE congratulate our readers upon the discovery of a cure for Rheumatism, Gout and Neuralgia, and all Mercurial Diseases, which is effected without the use of internal medicines, which destroy the constitution and give temporary relief only. In fact it is the only known remedy effecting a perfect cure, and we feel warranted, from its recommendations, in calling the attention of the afflicted and those having friends suffering from Rheumatism, Gout or Neuralgia, or the pernicious effects of Mercury, to the advertisement in another column of our paper, of Dr. Leland's Anti-Rheumatic Band.**

**PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD PURIFIER.** is, without doubt, the best tonic Cordial in the world. To those who are suffering from General Debility we would recommend its use, for while it is pleasant to the taste, it is strength giving to the system, and will at once tend to remove all impurities of the Blood, and eradicate all traces of disease. It can be taken by the weakest stomach, while those in good health will at once feel its exhilarating power. We are confident that after using one bottle of this Cordial, none will be in a day without it.—New York Letter.

**GOOD.**—We met one of our friends yesterday on Broadway, and was delighted at the change in his appearance. A few weeks ago we saw him, he was pale, lean and dejected; complaining of weakness and debility, having been so afflicted all summer. Now he appears to be as healthy and strong. We learn he owes his restoration entirely to McLEAN'S STRENGTHENING CORDIAL.

**WE advise all who are complaining of General Debility to try it; it is certainly a very pleasant remedy. We learn that there are large quantities of it selling daily.—Morning Herald.**

**DR. KIRKPATRICK, No. 165 South High Street,** has a very choice assortment of Gold and Silver Watches, fine Jewelry, Clocks, Silver and Plated Ware, at prices to suit the times.

**CHARLESTON, April 14.**—The steamer Nashville, from New York, arrived here at 3 o'clock on Saturday morning.

An eye-witness of the firing on Friday night says it was terrifically grand, and reached its climax about 11 o'clock, when the sky was overcast with rain clouds. The shots were fired with rapidity all night; also covering house, ships, and every available place.

Towards morning the fire diminished; a few shots were still fired, and were replied to occasionally by Fort Sumter.

When the fire and smoke were first seen issuing from Fort Sumter, it was supposed to be only a ruse.

Fossils were in the offing, apparently blocking the way, as they remained quietly at anchor.

Every one anxiously waited to see what the vessels would do, and fully expected that the engagement would become general. At 10 A. M. Mr. Sumter was plainly seen to be on fire, the flames bursting through the roofs of houses within it. At this time Maj. Anderson scarcely fired a shot, while bomb shells and grape shot were hurled over the walls of the fort.

Under Point, only 1,500 yards from Sumter, kept up a continuous fire from the rifled cannon. The fire from the Floating Battery and Moultrie was regular and accurate. The land battery was severely injured by the week fire kept up by Anderson. Scarcely a missile from this battery missed Sumter. The Floating Battery proved impotent. Every shot from it told on Sumter.

On Saturday, April 15.—Shells from the merrymen of Mount Pleasant bay were thrown with great precision. While Sumter was on fire, Anderson was obliged to cease his cannonading to direct all his efforts to put it out. Twice he was severely injured by the week fire kept up by Anderson. Scarcely a missile from this battery missed Sumter. The Floating Battery proved impotent. Every shot from it told on Sumter.

Dispatches from the North.

**PITTSBURGH, April 15.**—The war news has created intense excitement. Business has been almost suspended since Saturday. The President's proclamation has thoroughly aroused the military spirit, and several companies volunteered to sustain the integrity of the Union. Tonight there is an immense gathering at the City Hall. The meeting was addressed by the Mayor, who introduced the venerable Wm. Wilkins as President.

Resolutions declaring undying fealty to the Union, approving the course of the legislative and executive branches of the State Government in responding to the call of the President, and pledging patriotic feeling, and pledging loyalty to the Union, and appointing a committee of public safety, were adopted unanimously. Also, a resolution approving of the action of the Philadelphia Banks for prompt offer of money to the Government.

The meeting was addressed by Judge Wilkins, Thos. M. Marshall, John T. O. Shannon, Dr. McKee, Ex-Gov. Johnston, A. W. Loomis, and other prominent citizens of all parties, which elicited much interest. The meeting adjourned with three cheers for the Union, Constitution, and enforcement of the laws.
